This inviting neighborhood specializes in preservation of the natural landscape and offers townhouses and custom built homes. The community offers a clubhouse, pool, tennis, and a private 3-acre protected harbor with a deep-water marina on the Intracoastal Waterway. This ideal location provides immediate access to some of the East Coast’s finest fishing grounds, including Frying Pan Shoals and the Gulf Stream.

Just a 5-minute bike ride into Southport brings you to charming shops, art galleries, a scenic “Riverwalk”, a fishing pier, and casual and fine dining restaurants. For those who enjoy traditional beach activities, you have boating, fishing, crabbing, clamming, shelling or just a leisurely walk on the beach. Golf is a favorite pastime for many and there are 30 golf courses within 30 minutes of the area.

The bustling city of Wilmington, with its historic waterfront and cultural charm, and the playground lifestyle of Myrtle Beach, are each about 45 minutes away in opposite directions on Route 17.
